

January, 2012

Dear Friends,

I am writing to tell you that I am running for re-election for State Representative. I ask for your support as we start the political process.

The first step is your precinct caucus on February 7. You can find the location at <http://caucusfinder.sos.state.mn.us/>. Sometimes more than one caucus takes place in a building, so be sure to check out the room.

For those of you who may not know me well, I'm enclosing a resume. You may also check me out at www.PhyllisKahn.com or call me at 651-296-4257 (office) or 612-378-2591 (home).

I hope you don't mind my mentioning that Government Technology magazine has selected me as one of the 2011 "Top 25 Doers, Dreamers and Drivers" in the country www.govtech.com/top-25/.

I am facing an endorsement contest, so I urge my supporters to run for Delegate or Alternate for the endorsing convention to be held on March 24. A strong endorsement will allow all of us to work all over the state for the victories we need to take back the Minnesota State House and Legislature, and to send Chip Cravaack to New Hampshire.

As we see the problems caused by Republican control of our State Legislature and the U. S. House, we should understand what happens with reduced participation in our political process.

I know that it is unnecessary to tell this to you, a confirmed participant, but it is a good idea to pass on this information to your friends and co-workers, to be sure that all of us are working together from the start.

Onward to success at all levels in 2012,

Phyllis Kahn
